## GROWING IN LOVE

A Handbook for Receiving and Sharing God's Love

Shown below are pages 2 and 3 from the new book:

**“The one great need in our  
Christian life is love, more love  
to God and to each other.”**

– Dwight L. Moody

### About this book

A goal of this compact book is to help us become better at receiving and sharing God's love in daily life.

**Part I** describes God's amazing, unconditional kind of love (*agape*), how it differs from other kinds of love, and how it can be received and shared.

**Part II** focuses on the *12 Seeds* and how each seed can be a way to receive and share God's love.

**Part III** offers practical help in receiving and sharing God's love in daily life together.

This book is not a comprehensive discussion of God's love, nor are the *12 Seeds* the only ways to express that love. Rather, the seeds are time-tested principles and practices that help us live in loving relationships that glorify God and bless people.

Primary audience: People in recovery from crime and addiction, plus anyone who seeks to better understand God's amazing love (*agape*), and then share that love in practical ways with family, friends, and others.

Some of the material in this book has been condensed from our previous books. It also has new material we have developed over the years in conducting classes and workshops.

We have come to believe that this compact handbook could be a lifetime reference manual with a larger distribution, God willing, than even our previous books. Please pray.
